

NAVEENDRAN K

Software Developer | Java Backend Engineer

Chennai, Tamil Nadu, India | +91 8838510692 | naveenkannusamy29@gmail.com

LinkedIn: <https://www.linkedin.com/in/naveendran-k-206326397> | GitHub: <https://github.com/Naveendran33> | LeetCode: <https://leetcode.com/u/Naveendran003>

TECHNICAL SKILLS

Programming Languages: Java (Core Java, OOP, Collections Framework, Multithreading, Streams), SQL, C++

Backend & Frameworks: Spring Boot 3.x, Spring MVC, Spring Data JPA, Hibernate, RESTful APIs, Spring Security, JWT, JSON

Databases & Architecture: PostgreSQL, MySQL, Database Management Systems (DBMS), Relational Schema Design, Indexing, CRUD Operations, ACID Transactions

Developer Tools & Testing: Git, GitHub, Docker, Maven, Postman, Swagger, OpenAPI, JUnit 5, Mockito, Linux

Core Computer Science: Data Structures, Algorithms, Object-Oriented Design, System Architecture Fundamentals

WORK EXPERIENCE

Backend Web Development Intern | CODTECH IT SOLUTIONS

July 2024 - September 2024

Remote Internship

Java & Spring Boot Development

- Modular API Engineering:** Developed and deployed 4 modular backend REST APIs using Java and Spring Boot for user management, task workflows, and data processing across 12 database tables.
- Database Architecture:** Designed relational database schemas with Spring Data JPA and PostgreSQL, optimizing SQL queries to achieve sub-50ms execution times.
- Authentication & Security:** Integrated JWT-based authentication and role-based authorization to secure sensitive application endpoints across 3 user permission tiers.
- Validation & Exception Handling:** Implemented request input validation using Jakarta Bean Validation and centralized exception handling (@RestControllerAdvice) with 100% standardized HTTP responses.
- Automated Testing:** Authored 47 comprehensive unit and integration test cases using JUnit 5 and Mockito, attaining 85% code test coverage and eliminating regression bugs.

TECHNICAL PROJECTS

E-Commerce Store & Order Management API | Java, Spring Boot, PostgreSQL, Postman

2026

- Core Engineering:** Engineered a backend RESTful API managing product catalogs, shopping cart logic, and orders across 5 core entities, supporting 500+ mock transaction requests.
- Security & Performance:** Implemented secure user authentication and authorization using Spring Security with stateless JWT tokens; indexed foreign keys in PostgreSQL to improve search speed by 40%.
- Testing & Documentation:** Documented and validated 15+ API endpoints using Postman and Swagger/OpenAPI for seamless API exploration and integration.
- Data Integrity:** Applied ACID-compliant transactional boundaries across order workflows, preventing inventory overselling during concurrent checkout requests.

Real-Time Collaborative Task Management Application | Java, Spring Boot, PostgreSQL, WebSockets

2026

- Task Board Architecture:** Built a task management backend supporting status tracking across 3 stages (TODO, IN PROGRESS, DONE), priority tags, and category filtering.
- Live Updates & Security:** Implemented WebSocket communication to deliver real-time board updates to connected clients; enforced role-based access control with secure input validation.
- Performance & Scalability:** Optimized WebSocket payload structures and database query plans, reducing message broadcast latency by 35% across 20+ concurrent active sessions.

EDUCATION

Bachelor of Computer Applications (BCA) | H.H. The Rajah's College (Autonomous), Bharathidasan University

2023 - 2026

Relevant Coursework: Data Structures, Algorithms, Database Management Systems (DBMS), Operating Systems, Software Engineering, Object-Oriented Programming with Java.

CERTIFICATIONS

- LeetCode Problem Solving:** Solved 100+ Data Structures & Algorithms challenges (Arrays, Strings, Hash Maps, Linked Lists, Trees, Graphs).
- Scaler Topics Certifications:** Spring Boot Microservices & REST APIs (2026) | SQL & Relational Database Design (2025).
- Udemy Technical Courses:** Java Programming 60-Hour Masterclass (2025) | Mastering Git & GitHub Version Control (2025).
